

SDBIF FRIENDRAISER

ARTIST PROFILE DONOVAN CRONKHITE

Donovan Cronkhite is 19 years old, recovering from a TBI as of Oct 8, 2013. On that fateful day, he tried to commit suicide, by jumping off of the 3rd story of a mall parking garage. He was at Rady Children's Hospital for 4 months, where for the first 36 days he was placed in a medically induced coma. He was then moved to the rehab ward at Rady's for the remaining 3 months.

Donovan graduated from Patrick Henry High School in June 2018 with academic distinction (4.08 GPA) and will now attend UCSD, majoring in Linguistics (Specialization in Cognition and Language). Art has helped him show his creative side after his accident, and get admiration for what he is capable of. This is his 2nd year SDBIF has featured his artwork at the Friendraiser – we are excited to have him back!
