

# SDBIF FRIENDRAISER

## ARTIST PROFILE    HOWARD HOUSE SURVIVORS

Some of the residents of Howard House, our long-term residential-care facility for brain injured survivors, will be joining us this year with an artist's table. They have been hard at work, meeting weekly with volunteers and recreational therapists painting rocks and birdhouses for the garden as well as designing wire suncatchers.

It is an honor to feature (and sell) their artwork at this year's Friendraiser. SDBIF hopes you will be as inspired as we are by their work!
