

SDBIF FRIENDRAISER

ARTIST PROFILE

SAM LAISURE

Sam Laisure is an amazing San Diego photographer who suffered a traumatic brain injury in 1978. Through the years he has developed skills that have made him a very successful artist.

His photography began as a leisure or recreational activity with a disposable camera; however, over time he learned how to use digital technology to produce beautiful art. Sam has been a featured Friendraiser artist in the past and SDBIF is so glad that he is back to show his artwork this year!
