WHY YOU SHOULD ATTEND:

Survivors:
Gain valuable information and skills from an expert panel with over 60 years of collective experience in brain injury recovery and reintegration. Ask questions and get answers tailored to your needs.

Family, Caregivers & Friends:
Understand the challenges your loved one faces post-injury. Learn coping strategies, ask questions, and access resources to better support their recovery journey.

Professionals, Providers & Advocates:
Gain insights from the brain injury community, enhancing your understanding of survivors' & their support system's needs. Network with fellow providers, share best practices, and explore opportunities to improve and streamline services.
